

Daiquiri

(actual size when printed on A4 paper)

Print this PDF to check how the frame measurements compare to your existing glasses.

To compare your current glasses against these style simply place them onto the image below, you can check the scale using our ruler.

Juicy colours, diamante sparkles and swirls, chic design, lightweight plastic – wearing a Daiquiris can feel divine! These full-rimmed small rectangular glasses with a wide trim also have flex arms, making them hardier than a standard plastic design. Available in three zesty colours. Suitable for higher prescriptions.
