

Margarita

(actual size when printed on A4 paper)

Print this PDF to check how the frame measurements compare to your existing glasses.

To compare your current glasses against these style simply place them onto the image below, you can check the scale using our ruler.

With such uplifting colours to choose from, it can be difficult to pick a favourite Margarita. These slightly rounded, small rectangular glossy plastic glasses are terrifically two-toned and sport colour-contrasting trims. Flex arms mean their less sensitive to wear and tear. Suitable for higher prescriptions.
