

Regan

(actual size when printed on A4 paper)

Print this PDF to check how the frame measurements compare to your existing glasses.

To compare your current glasses against these style simply place them onto the image below, you can check the scale using our ruler.

Simple and smart, Regan are a good choice when looking for a modern pair of classic-looking, full-rimmed rectangular glasses. A metallic finish and very thin arms give them their contemporary look, while soft adjustable nose pads offer a good fit across the bridge.
