

Venice

(actual size when printed on A4 paper)

Print this PDF to check how the frame measurements compare to your existing glasses.

To compare your current glasses against these style simply place them onto the image below, you can check the scale using our ruler.

They may look a little 'wild' but Venice are in fact a practical pair of semi-rimless, small rectangular metal glasses. Recommended, if you're looking for an everyday pair that's just a little bit exciting. Their colourful, two-toned glossy metal frame is matched with attractive patterned plastic arms. Soft adjustable nose pads are designed to give a good fit.
